Work History

2020-11 - Current

Student Assistant

Rauf Denktas University, Lefkosa
I worked as IT student assistant, assisted new students register for their school online systems such as Moodle account, student email, and student portal. Also managed over 3000 other students with issues related to student online systems. Currently, work as teaching assistant, assist over 50 students in lab activities and some classroom lectures on related course such as:

- Introduction to programming.
- Database management Systems.
- Supported student learning objectives through personalized and small group assistance
- Reported back to instructor to receive day-to-day tasks and responsibilities
- Provided support to help students with special needs learn and grow
- Monitored student behavior in classes, laboratories and on field trips for unsafe or rule-breaking concerns
- Taught courses under guidance of senior instructors
- Mentored and tutored individual students needing additional help
- Shared important information with students concerning upcoming assignments and tests

2022-08 - 2022-09

Student Intern

ComTech Networks, Lefkosa
worked with Comtech Networks as an intern in the software department, where I worked on a project to

"generate invoices" for a customer as a backend using Express js and Node js.

- Learnt new skills
- Reported back to instructor to receive day-to-day tasks and responsibilities.
